

The Carterville 5

1.

The annual Tri-C Book Fair will start this week on Thursday, October 27. The fair will be open from 8:00 am - 5:30 pm. It will be open until 7:00 pm on both October 27 and November 3 for P/T Conferences. The fair will end on November 3. Thank you to Heather Miranti, PTO, and all of our wonderful volunteers.

2.

Mrs. Stine's 6th grade class recently partnered for a Q & A session with one of the researchers that developed a robotic arm powered by a brain chip that fist bumped President Obama on NBC News. Students walked away with a newfound inspiration to pursue a career in the field of science.

3.

CJHS 8th grade students attended a career fair last week at Herrin Junior High. Students were exposed to 18 different professions, trades, and non-traditional careers.

4.

Carterville High School recognized all fall athletes and band members at last Friday's football game. In addition, there was a special recognition of community member, John McCamish. John introduced the cannon to CHS football games 21 years ago. It has become synonymous with Carterville football. He is retiring cannon duties, but has passed the legacy on to family members. Thanks for helping to make CHS football special!

5.

Did you know...Road construction on West Grand, between Greenbriar and Lion Drive, has been postponed until at least April of 2017.
