

The Carterville 5

- 1.** Second graders at Tri-C Elementary School have been learning about Helen Keller through the use of multiple texts, video, and writing tasks. Students will wrap up their unit with a special guest on Thursday that will teach them sign language.
- 2.** CIS students are participating in the 2nd annual *Be the Beat Week*. Nurse Young and Mrs. Dunn are teaching sixth graders hands only CPR. Over the course of the week students will learn about cardiovascular health and ways to live a healthy lifestyle.
- 3.** Eighth graders at CJHS have finished a science unit / project on viruses and bacteria. Students swabbed areas of the school and monitored “germ” growth as part of the unit. This unit ended in a Public Service Announcement poster from the study to help dispel myths about germs, educate people about staying healthy, and the problem with antibiotic resistance.
- 4.** Congratulations to the CHS Cheerleaders on their Top 10 finish at the IHSA State competition this past weekend. Great job ladies!!!
- 5.** Teacher representatives from grades Kg-6 worked collaboratively this week during a curriculum workday to strengthen grade level and district curriculum in the area of English Language Arts.
